Correspondence & GT Program Review												
	Inc	177.7	80.7	9.0	68.0	20.0	0.0	0.0	0.0	1	0	0
1004 Gen Fund		177.7										
Both gifted and talented (GT) educational programs and statewide correspondence programs are in statute and regulation, but there is no funding currently allocated to carry out the state-level duties required for administering these programs. Federal funding for children with disabilities cannot be used to fund GT services.												
This increment is needed to fund a staff position that will administer the gifted and talented program and the statewide correspondence program. Staff will ensure that district applications for each of these two programs are received, reviewed, and approved. Staff will provide technical assistance related to GT and statewide correspondence program development and address other questions from parents, teachers, administrators and public members. Staff will also conduct on-site GT and statewide correspondence program reviews, when necessary.												
Funding will also provide for the training of GT complaint investigators and due process hearing officers. There will also be funding available for contracting with complaint investigators and due process hearing officers when complaints and requests for due process hearings are received at the department.

This increment funds a multi-year project aimed at providing funding for extended day kindergarten programs for students identified as in need of additional support to reach the developmental and academic levels expected for success in future grades. Funding will also be used to place academic intervention coordinators in schools with high percentages of students in need of such extended services at the kindergarten level, and in need of additional support at other grade levels.

Change Record Detail - Multiple Scenarios With Descriptions

Department of Education and Early Development

Component: Child Care Assistance & Licensing (2424)

RDU: Early Development (392)

Scenario/Change Record Title	Trans Type	Totals	Personal Services	Travel	Services	Commodities	Capital Outlay	Grants, Benefits	Miscellaneous	PFT	Positions PPT	NP
Child care assistance is provided to income eligible families on a sliding fee scale. Many of these families are transitioning from welfare to work in entry-level jobs and need help paying for child care so they can stay in the work force. Other low-income working families need access to child care assistance to retain their current employment and keep from going on welfare in the first place. To fully fund the program and eliminate the current wait lists, the FY2002 budget invests \$3 million from welfare reform savings and \$428,00 in state funds.												
With success in the welfare to work program the number of families receiving child care assistance and the number of children served has increased dramatically. In FY2000, an average of 5,392 children were served each month. In FY2001, an estimated 6,250 children will be served monthly, and in FY2002, a projected 7,500 children will be served monthly.												
CCDF Carry Forward												
	FndChg	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1002 Fed Rcpts		3,873.5										
1007 I/A Rcpts		-3,873.5										
This fund change is requested to increase federal authority in Child Care Assistance & Licensing due to a grant allocation increase of \$533,598 in FY2001 and insufficient federal authority budgeted in FY2001 for carry forward. A revised program was requested in FY2001 and this increment will correct the federal receipts authority and allow for carry forward in the FY2002 budget. A decrement for interagency receipts is also requested. The funding was received from Department of Health & Social Services through interagency receipts until the Department of Education & Early Development became the lead state agency for this grant and the grant is received directly from USHSS.

In coordination with the University of Alaska, the System for Early Education Development, (SEED), these federal funds will support development of credit and non-credit levels of sequenced training for early childhood professionals in Alaska. Federal Head Start performance standards require that staff hold a child development associate (CDA) credential and early childhood teachers hold an AA degree. Alaska has also identified education and training standards to promote professional development among those who care for and education young children.

Network Specialist for Gates Foundation Project												
1004 Gen Fund	Inc	98.7	63.7	15.0	20.0	0.0	0.0	0.0	0.0	0	0	1
This increment represents the costs of a long term non permanent Network Specialist position to support libraries around the state in coordinating and implementing the Gates Foundation Project. The Gates Foundation works with each state library for a coordinated, statewide approach on the grant. The purpose of the grant is to help eliminate the digital divide. The grant will provide hardware and software, an intense five day technical training session, and three years of 1-800 technical support to each participating library. To participate, libraries will have to be wired and have a plan. This position will coordinate that function.

This increment reflects a contractually agreed upon inflation factor built into the support fees formula for participation in the Wisconsin, Washington, Alaska, Montana, Idaho (WWAMI) regional medical school program at the University of Washington, School of Medicine. The increment maintains Alaska's ten reserved places at the University of Washington, School of Medicine, for students who have successfully completed their first year of medical school at the University of Alaska, Anchorage. Participating students attend the second through the fourth years of medical school in Seattle at the University of Washington's School of Medicine, with the option of clinical clerkships during this time at clinics in towns in the WWAMI states. The Alaska clinical sites are supported by WWAMI funds due to the participation in this program.

WICHE State Dues increase												
1106 P-Sec Rcpt	Inc	11.0	0.0	0.0	11.0	0.0	0.0	0.0	0.0	0	0	0
The WICHE organization, in an effort to avoid any substantial increases, has been budgeted at an extremely bares bones manner. They probably could have continued that way except for two significant changes which occurred this year. They are having to move from the offices that they have been in in Boulder for a number of years. Their rent costs were to some extent subsidized by their landlord the University of Colorado (who now wants to either raise the rent or use the space themselves). In addition to that, although they have downsized in staffing as a budget-cutting measure, they are incorporating significant increases in the cost of healthcare for the remaining staff.												
The WICHE Commission voted to approve the larger State dues increase as one of several steps being taken to insure the financial stability of the agency.

AVTEC has had discussions over the last year with Providence Medical Center (PMC) in Anchorage about providing ongoing training for Certified Nurse Assistants in the Anchorage area. It is apparent that the need for training in this area is directly related to the large number of jobs available. PMC is committed to becoming AVTEC's training partner by providing the equipment necessary to outfit the classroom and lab, assist in student recruitment, and by allowing the practical portion of the program to occur at PMC facilities. This idea is supplemented by the coincidence that the AVTEC Anchorage facility is located less than one block from Providence Extended Care Center, the largest employer of Certified Nurse Assistants in the State. Also, the AVTEC Anchorage facility is currently underutilized due to the closure of the Electrical Apprenticeship Program that was based out of that facility over the previous 4 years. AVTEC is currently in the 2nd year of a 5-year lease on the Anchorage space. To offer the program would require 5 additional teaching positions to run a year round program. AVTEC would offer 12 (7 week) classes per year and enroll 12 - 15 students per class. Tuition for the class is currently \$1,800. The revenue generated is expected to cover the cost of the positions - 144 students a year at \$1,800 per student; \$259,200.
